## Important Safety Reminders

Teachers and parents are responsible for the health and safety of the children under their care—or accompanying them—for the duration of their presence at the BKWSO facility.

- Children are never to be left unsupervised.
- Children are not to be harshly verbally or physically reprimanded.
- Children are not to have their personal space invaded—no poking, patting, touching, hugging, or picking up.
- No teacher is to be alone with a child in a secluded place.
- Children are not to pick up each other.
- Anyone working with children must have a background check document.

These rules should be read to and discussed with parents and their children to ensure that they are absolutely understood. Please be certain that the affidavit is read and signed by every parent.
